

## We Need Your Help!

We have several ideas for upcoming activities here at the club. Take a look at the list below and see if any of these ideas appeal to you. If they do, click on them and send us an email note letting us know of your interest.

-

Turkey Shoot - We have new targets that look like turkeys. We could schedule an evening as "shotgun night". You could bring in your shot guns and teach these turkeys a lesson. [ E-Mail Us ]

-

University Night - Everybody loves to hate rival colleges. We could put together a bunch of targets showing college mascots and you could take out your frustrations on the college of your choice. [ E-Mail Us ]

-

Guided Fishing - As it so happens, Kevin spent many years as a professional fisherman. We would like to judge what interest would be in a guided fishing trip to local lakes in search of the big ones. [ E-Mail Us ]

-

Guided Turkey Hunting - There are several world class turkey hunters in our midst. They have generously said they would possibly host a Turkey hunting expedition around local areas. [ E-Mail Us ]

-

Glock, Kimber, 1911 Leagues - Is there any interest in having a league of some sort where everyone in the league uses the same type of gun? We'd be open to any sort of league you have in mind. [ E-Mail Us ]
